CURED

"About seven or eight months ago I was attacked by a cough, and at once began to take a medicine much advertised as an expectorant, and continued using it until I had taken about six bottles. Instead of giving me relief, it only made me worse. I tried several other remedies, but all in vain, and I don't think I had three whole nights' rest during my illness. I began to think that

Consumption

had laid hold of me, and my hopes of recovery were all gone. I was a mere skeleton, but a friend of mine, who had been some time away, called to see me. He recommended me to try Ayer's Cherry Pectoral, and kindly sending me a bottle, I took it, but with little hopes of recovery. I am thankful, however, to say that it cured me, and I am to-day enjoying the best of health."—J. Wilmet Payne, Monrovia, Liberia.

VICTORY!

CLEVELAND AND STEVENSON ELECTED!

THE PEOPLE DID IT.

A Gigantic Landslide Gladdens the Hearts of the American People.

WE'VE GOT THE HOUSE AND SENATE!

New York, Indiana, Ohio, Illinois, New Jersey and Connecticut Democratic!

The election is over, and the Democrats have swept the country. It is the greatest and grandest victory the people—the Democrats—have won in thirty years. The Republicans have suffered tremendous losses all along the line and the Democrats have made great gains in what was heretofore considered Republican strongholds. It is a victory of the people over plutocracy, of honesty over money, of the masses over the favored classes, and we rejoice to know that the time has at last come when the money power cannot control our elections with a corruption fund, no matter how large. This country is no longer for sale.

Cleveland and Stevenson will have over 300 votes in the Electoral College. Ohio has swung out of the Republican line and will cast its electoral vote for Cleveland. Illinois has gone Democratic by 10,000 or 15,000 majority. Cleveland's plurality in California is over 4,000, in New Jersey 12,000, in Connecticut 5,000, Indiana nearly

10,000 and in West Virginia 7,000. Whatever States are still in doubt are to be divided between the Republicans and the third party. Harrison will have but 100 votes in the Electoral College and Weaver 30.

The returns as to the Congressional elections are yet incomplete, but the Democrats will have more than 110 majority in the House over the combined vote of the Republicans and Populists.

There is no doubt that President Cleveland will be supported by a Democratic Senate. According to the latest returns the Republicans have lost the legislature in the States of California, Connecticut, Kansas, Michigan, Minnesota, Nebraska, Nevada, New York and Wisconsin, and these States, now represented by Republicans, will send Democrats or Populists to take the places of the Republican incumbents. The Legislature of Connecticut may turn out to be Republican, but the loss of that State will not deprive the Democrats of a

majority. Michigan, Minnesota, Montana, New York and Wisconsin are sure and will choose Democratic Senators. Kansas, which has elected a Legislature with a majority of People's party members, will choose a college for Peffer of the same sort. In all probability Nebraska will elect a Senator by a combination of Democratic and Alliance members of the Legislature, and he may be a Weaverite or a Democrat, but the place is given to the People's party in calculating the probable division of the next Senate. Senator Stewart will undoubtedly be re-elected from Nevada. The present Senate stands 47 Republicans, 39 Democrats, 2 People's party—a Republican majority of 6. After March 4, 1893, it will stand 46 Democrats, 37 Republicans, 5 People's party. The chances

are that the Democrats will have a majority larger than this, but this is a conservative estimate.

The complete returns from Missouri are not in yet, but it is pretty certain that Stone has been elected by 30,000 or 35,000 plurality. The People's party vote of the State, it is believed, will fall short of 20,000. The entire Democratic State ticket has been elected.

COUNTY ELECTION.

The number of votes polled in the County was not as large as was expected, there being only 2484 votes polled, when it was expected that it would reach 2800.

—"The beautiful snow" is not so charmingly beautiful when it catches a fellow and all his neighbors out of wood. That is the condition we found ourselves Wednesday, and if it hadn't have been for the happy thought of four more years of Grover, we would now be reaping that reward which awaits the weary laborer in the land of the Leal, and the Coroner's verdict would doubtless have been, that the deceased was murdered by his delinquent subscribers, who promised wood on subscription and forgot to haul it.
